

BRITISH VIEW IRISH QUESTION IN NEW LIGHT

Pessimism Yields to Optimism as Parlia- ment Convenes

(By The Associated Press)
LONDON, Aug. 15.—Optimism continues the prevailing note in London opinion on the Irish question. The general view is that Eamonn DeValera having sought, but failed to secure improved terms, is in a position no worse than he was several days ago and that since the negotiations are being conducted by both sides with consideration there is no reason why they should break down.

With the Irish Republican parliament convening in Dublin tomorrow on a decision with regard to the government's peace proposals is expected for several days—until the assembly has had full opportunity to debate the question.

Public opinion considers that the letters of Jan C. Smuts, the South African premier to DeValera urging acceptance of the imperial government's proposals is likely to prove the central and deciding factor. The belief is expressed that the Daily Eireann will decline to assume responsibility for a decision but will refer the problem to a plebiscite of the Irish people either by a referendum on the question of acceptance or rejection of the government's proposals, or by a new election to the southern parliament in which case it is believed the advice of General Smuts will have the greatest weight.

After freedom for the past month from their load of safety incident to the guerilla warfare, it is felt here that the Irish will be reluctant to give a decision which would mean a return of hostilities but will prefer to act on the advice of General Smuts and accept the government's terms, leaving to time the settlement of the Ulster problem.

Irish More Cheerful
Dublin, Aug. 15.—The pessimism over the Irish situation which today in some quarters in Dublin reached almost the point of hopelessness, yielded tonight to a more optimistic view when the program for the meeting tomorrow of the Daily Eireann was made public.

Instead of immediately taking up the problem of peace or war, the Sinn Fein parliament will spend at least two days in dealing with the formalities incident to the opening of the new legislative body, providing an opportunity for many things to happen behind the scenes.

Eager for Decision
All Ireland is eager for a decision by the parliament on the British government's terms whether it be acceptance of them, the expression of a desire for further negotiations, or rejection, in order to remove the tension which has been building up.

The belief prevails that rejection would mean a resumption on an intensified scale when the true ends of guerilla warfare.

Dublin Castle views the prolonging of the sessions of the Daily Eireann in various lights. One section of the British government forces expresses the fear that delay in immediately acting on the troublesome questions at issue may provoke the military which is declared not to be hopeful of a favorable settlement, into making preparations for eventualities.

DeValera Opens Session

Tomorrow's formal opening of the Daily Eireann in Mansion House will be a public function also there will be little room inside the chambers for persons other than members. Eamonn DeValera is expected to deliver an address. Then the assembly will be whipped into shape for its important work. After prayer the session will be declared open and a speaker and a deputy speaker will be elected. This is all the business provided for in Tuesday's agenda.

According to the present program the question of peace negotiations will not be reached until Wednesday at the earliest.

TO ASSIGN PERSHING STAFF OFFICERS

WASHINGTON, Aug. 15.—Veterans of the army general staff with services ante-dating the world war, who were members of General Pershing's staff in France later returned to staff work in the United States, are among those listed for early assignment to field commands. Orders are being prepared for their relief from staff duties. It became known today while others await final approval by General Pershing as chief of staff before being assigned.

AUSTRIA'S GREAT ARSENAL WILL NOW BE SOLD

Vienna, Aug. 15.—The Austrian government has sanctioned the sale of the great Woellersdorf arsenal, the largest plant in Austria, to a German syndicate, a small portion of the stock being retained in the government's hands.

The plant is valued at nearly \$100,000,000 and has been converted in part to peace time products.

DE VALERA URGED NOT YIELD TO THE BRITISH PROPOSAL

Claim If Done All Fought for Will Have Been Lost

(By The Associated Press)
Dublin, Aug. 15.—Eamonn DeValera, Irish Republican leader has been flooded with telegrams mostly from Irish Republicans advising him not to give in to the British government on the peace proposals.

"If they (The Irish Republicans) accept the government's terms," asked one member of the Irish Republican army "what have they been fighting for?"

On the other hand an official of the Sinn Fein said today that it was those who wished to continue the fight who rushed to the telegraph office—not those seeking peace.

One of the most prominent business men of Dublin a strong advocate of home rule said this evening:

"We can never go back to where we were a month ago. Every man's hand would be against his fellow and we would be brought to the shambles."

Argentina for Irish

Buenos Aires, Aug. 15.—Lawrence Ginnelle, who recently arrived here as "envoy of the Irish republic," has cabled Eamonn DeValera that Argentina is practically unanimous for Irish independence and will support any decision. A high mass for Ireland was held at the Passionist church. A large congregation was present.

REFERENDUM IS CALLED BY RAIL BROTHERHOODS

Attitude Wanted on Wage Cuts Ordered by Labor Board

(By The Associated Press)
CLEVELAND, O., Aug. 15.—The call for the referendum of all members of the Big Four railroad brotherhoods and the switchmen's union of North America to determine their attitude on wage reductions ordered by the railway labor board under which they have been working since July 1, may be issued before the end of this week, according to officials of the railroad brotherhoods.

The ballots for the referendum must be out to the membership before September 1, James C. Murdock, vice-president and acting head of the Brotherhood of Railroad Trainmen during the illness of President W. G. Lee said tonight.

It will take a month to complete the balloting and know the verdict of the train service employees of the nation's railways, Mr. Murdock said.

Attitude of Chiefs

A statement outlining the attitude of the chief executives of the five organizations may be issued before the end of the week. The situation hinges, not so much on the average 12 percent reduction already ordered but on rumors that the railroads would seek further wage reductions, the elimination of time and half for overtime and the revision of schedules and working rules.

The following four propositions are being submitted:

That the wage reduction already adopted are to be recalled and the old rates of pay restored.

That no reduction be required or sought.

That an effort shall be made to take time and one half pay away from their members.

That for a fixed period no attempt be made to cancel or change present schedules or working rules.

RETURNING HOME.

Miss Edna Smelcer, who has been employed by F. J. Waddell & Co. for the past seven months, has resigned her position and departed for her home in Crocker, Md. Miss Smelcer, who lived with Mr. and Mrs. Robt. Smith and family on South Church street, was accompanied as far as St. Louis by Misses Irene and Alma Smith.

GRAIN AND HAY RATES HEARING BY COMMISSION

Freight Rates Claimed Cause of Farmers' Present Plight

(By The Associated Press)
WASHINGTON, Aug. 15.—Bankers, economists and farmers testifying today before the interstate commerce commission attributed the present plight of western agriculturists in a large measure to high freight rates on grain products and hay. The testimony was presented in a case growing out of the case against present rates by the Kansas Public Utilities Commission, and joined in by nineteen other state commissions and by various shippers' and producers' organizations.

F. W. Peck, director of the agricultural extension department of the University of Minnesota said the farmer depended upon his profit of labor, and that grain producers now were receiving but 15 cents an hour, on the average, for their labor.

Any decrease in freight rates would be added directly to this 15 cents an hour, he contended and would materially increase the profit of the farmers. A decrease in freight rates of two cents a bushel would represent an increase of 22 per cent on this profit, he said.

J. W. Howard, president of the American Farm Bureau Federation said prices on grain were fixed where the surplus accumulates, usually in Liverpool, and that this price, less commissions and the cost of transporting the grain to the points where the prices are made, was what the producer received by the railroad employee increase or decrease in freight rates was felt directly by the farmer.

Commissioner Potter injected into the hearing several times, the comparative price received by the farmer for his labor and that received by the railroad employee and while Mr. Peck was testifying asked that the economist prepare for the commission a table comparing the two rates of pay. In reply to a question as to whether the farmer, the railroad security holder or the railroad employee suffered most under present conditions, Mr. Howard expressed the opinion that the farmers and security holders probably were both "hard hit."

Both Mr. Howard and Mr. Peck presented figures intended to show that the actual cost of raising wheat and hay was greater than the price for which the commodities are being sold.

PELLAGRA CAUSED BY FOOD SHORTAGE

(By The Associated Press)

WASHINGTON, Aug. 15.—Food shortage in the southern states has caused the proportion of a famine only in "a scientific restricted sense," but undoubtedly has been accompanied by an increase in pellagra, the public health service reported to President Harding today.

In a letter to the president General Cummings declared that despite the criticism of some southern officials regarding the administration's course, the information collected "fully confirms" his opinion, the position of the public health service with respect to the increase of pellagra in various parts of the south.

A memorandum of supplemental information accompanying the surgeon-general's letter was summarized as follows in a statement issued at the White House:

"Information indicates a definite increase of pellagra this year in Alabama, Arkansas, Mississippi, Oklahoma, Texas, and probably North and South Carolina. Some evidence also indicates an increase in Georgia. In Kentucky and Virginia testimony points to a decrease, conservative estimates indicate that 5,000 deaths and 100,000 cases of pellagra in the country in 1921."

Failure to diversify crops is blamed by the surgeon general for the food situation throughout the south.

ENDORSE RECORD OF MR. WHITE AT I. S. D.

The Illinois Association of the Deaf, in convention at Springfield, endorsed the record of H. T. White as superintendent of the State School for the Deaf. The resolution mentions that Mr. White's term of service has been extended for one year, and the association expresses the hope that he will be appointed for a full four year term.

The resolution said: "Resolved that the association would hail with pleasure the appointment of Mr. White as managing officer for the full term of four years."

MAN THOUGHT SMALL TURNS OUT ANOTHER

Des Moines, Iowa, Aug. 15.—The identity of the man claimed by private detectives J. J. Brophy and Frank Hart to be Ambrose J. Small, missing Toronto millionaire, was established today when authorities at Polk county poor farm, where he has been held since January 11, 1919, declared him to be John Daugherty, and not Small.

TAX REVISION BILL PLACED BEFORE HOUSE

Its Aim is to Reduce Taxes and Simplify the Law

(By The Associated Press)
Washington, Aug. 15.—The administration tax revision bill was laid before the house of representatives today after the Republican membership in conference had changed it to make repeal of the excess profits tax and the income surtax rates in excess of 32 percent effective next January 1, instead of last January 1. This change, it was estimated would result in the corporations and individuals with large incomes paying to the government in the next calendar year \$300,000,000 more than they would have paid had the administration plan of making the repeals retroactive prevailed.

Total Reductions
Total tax reductions for this fiscal year under the bill as revised were estimated by some majority members of the ways and means committee at \$350,000,000 as against approximately \$550,000,000 planned by committee Republicans and the total tax yield at about \$3,200,000,000.

As a result of the changes made by the Republican conference majority committee members further amended the bill before its presentation in the house so as to make the corporation income tax 1-2 percent after next January 1, instead of 15 percent as originally planned, and the manufacturers' tax on cereal beverages six cents a gallon instead of 12 cents. The bill will be taken up in the house Wednesday under a special rule calling for a final vote at 3 p. m. Saturday. Two days will be given over to general debate and two days to consideration of amendments under the five minute rule.

Democratic Plan Cautious
Democratic members plan to hold a caucus tomorrow afternoon to decide upon a course of action while the measure is under consideration.

The conference lasted several hours, with western members leading the fight to reject the plan for retroactive repeal of the excess profits and higher income surtaxes.

Representative Fear of Wisconsin was understood to have insisted that the house pass on the effective date of the repeals but the conference adopted 96 to 87, a motion by Representative Mann of Illinois, that the repeal date be January 1. These changes carried with them delay until January 1 in the proposed increase of five percent in corporation income taxes.

The tax measure as presented in the house today is a bill, "to reduce and equalize taxation, to amend and simplify the revenue act of 1918, and for other purposes."

Much of its 16,000 words is devoted to amendments of the sections of the present law drafted by treasury experts with a view to clarifying specific portions of the 1918 act and meeting situations arising from decisions of the supreme court.

LIQUOR RUNNERS GIVING TROUBLE

(By The Associated Press)

DETROIT, Mich., Aug. 15.—Federal officers this afternoon entered the campaign intended to stop transportation of beer and whiskey from Canada across the Detroit River into the United States. Several government agents went to Ecorse, a Detroit suburb, said by state officials to be the center of liquor smuggling activities and began an investigation. No arrests were made.

Roy C. Vandercreek, state commissioner of public safety, arrived from Lansing and took charge of the liquor flood. He conferred with other officers and later announced plans for the campaign had been agreed upon although declining to reveal the methods to be used.

Carload at Windsor

Dindsor, Ont., Aug. 15.—A carload of Canadian rye whiskey, consigned for Michigan, Palates, arrived heretofore from the east but had not been started across the Detroit river at nightfall. An exporting agent of a distillery had charge of the shipment.

Hundreds of thirsty Detroit folk came to Windsor for the week-end searching for open barrooms. They were surprised to find that while exporting was in order, the city was dry.

FOREST FIRE VICTIMS AWARDED JUDGMENTS

DULUTH, Minn., Aug. 15.—Judgments totalling \$29,698.83 in favor of two farmers, Charles Lans and A.R. Peterson, victims of the 1918 forest fires were entered in district court today against the United States railroad administration. There is a total of 275 claims resulting from damage in the cloquet fires yet to be settled. A special court of five district judges last May held the railroad administration liable for the conflagration.

OPERATION OF ERIE SHOP TAKEN OVER BY SERVICE FIRM

Will Do Work Heretofore Done by Railroad Employees

(By The Associated Press)
MARION, O., Aug. 15.—The Railway Service Company, a corporation organized by local manufacturers, bankers and business men today took over operation of the Erie Railroad shops and roundhouse here. The service company leased the buildings and equipment of the railroad company and has contracted to do all repair and other work heretofore done by railroad employees.

Employment was offered all Erie shop employees, each man to take his former position at the same pay. An announcement said employees of the new concern would "be assured of fair treatment in accordance with the practice of the extensive manufacturing concerns of Marion."

Most of the larger manufacturing companies here are members of Marion Employers' association and all of these are operated on an "open shop" basis.

Not Common Carrier
Since the Railway Service Company is not a "common carrier" it was pointed out that it undoubtedly would not be subject to supervision by the railroad labor board and would not come under the provisions of the Esch-Cummins railroad act. Curtailment of the number of shop employees was effected following enforcement August 7 of orders issued by the Erie company calling for the resumption of the ten hour day, cessation of payment of overtime for Sunday work and submission to a physical examination by each employee. Until recently a force of from 300 to 500 men has been maintained.

Railroad officials have admitted that men have left the company because of dislike for the new working conditions.

In announcing the new system, the first of its kind, the Erie company declared that it had resulted from a belief that "local conditions can best be appreciated and most intelligently met by the knowledge and interest of local supervision and support."

EXECUTIVE BOARD OF MINE WORKERS TO HOLD SESSION

"Closed" Meeting to Discuss Conditions in Kansas Fields

(By The Associated Press)
INDIANAPOLIS, Ind., Aug. 15.—The international Executive Board of the United Mine Workers will discuss the situation in the Kansas fields tomorrow morning, John L. Lewis, president, announced today. It will be a closed session.

Alexander Howat, president of the Kansas district of the mine workers, has been called before the executive board but late this afternoon had not reported. Mr. Lewis earlier in the day had said problems concerning the Kansas field would be considered this afternoon. He refused to comment on the report emanating from Pittsburg, Kansas, that Howat had been called to headquarters, except to confirm it.

WORLD IS DIVIDED INTO TWO CLASSES

TORONTO, Aug. 15.—Samuel Gompers told the International Convention of Railway Carmen today that the world is divided into two classes, and only two, employers and employees.

"Only there are no others," the president of the American Federation of Labor said. "There can be no others and that is the first truth which we must realize."

"The day of the master is done," he observed. "It will never return and we do not want it. One day—the day of labor—will come. In the meantime, grit your teeth and organize together."

LEGION OFFICERS GUESTS OF HONOR

TARBES, France, Aug. 15.—Major John G. Emery, national commander of the American Legion, Colonel Milton J. Foreman, Colonel H. D. Lindsey and Franklin D'Olier received freedom of the city today following services in honor of Marshal Foch, commander-in-chief of the allied armies. A tablet to commemorate Foch's achievements was placed on the house where he was born, by the 250 members of the American Legion visiting France.

The legionnaires were guests of the municipality at luncheon.

ENJOIN PAYMENT DETECTIVE'S WAGES

CHICAGO, Aug. 15.—A temporary injunction restraining the city from paying the salaries of 493 detective sergeants was obtained today by Ernest J. Battin, a taxpayer. The petition alleged that the position of detective sergeant was created by the chief of police and not by the city council and that no appropriation for the pay of such officers was made by the council.

PREMIER BRIAND TO REPRESENT FRANCE IN DISARM CONCLAVE

Expect Disarmament Conference in Washington in November to be a Diplomatic Conclave of the First Order With the Delegates Present Holding Plenary Right to Act

(By The Associated Press)
WASHINGTON, Aug. 15.—The hope of American officials that the disarmament conference will be a diplomatic conclave of the first order was strengthened today when France informed the state department that she would send Premier Briand at the head of her delegation of diplomats. The decision is expected to be followed by similar moves on the part of other powers, vesting the gathering with extraordinary significance and giving it much of the plenary authority possessed by the council of "heads of states" at Versailles.

The French notification came in the form of a message from Premier Briand saying merely that he would take pleasure in personally representing his country. It was the first formal acceptance to be received from any of the invited nations.

Meantime the administration's preparation of its own part in the conference was advanced by a request sent to congress for an appropriation of \$200,000 as an initial budget to pay expenses of the American representatives and of a secretariat-general.

The estimate, worked out by the state department and the budget bureau was taken under committee consideration immediately in the senate.

Budget Requirements

The sum fixed in the request and the data accompanying it apparently disposed of any expectation that this government would pay expenses of any visiting delegations for congress was informed specifically that the money was to be used for the American delegation and for the secretariat-general alone. In making the request President Harding merely transmitted with his approval a letter written by Under-Secretary Fletcher of the state department who prepared his estimates after a conference with Director General Dawes of the budget bureau. There was no attempt to divide the sum into separate items.

News that the French premier would attend the conference was received with manifest satisfaction for there has been a general expectation that should one of the powers decide to send its premier the others would do likewise in the interest of fair representation.

Not only will the presence of the foreign premiers here add greatly to the weight of the deliberations, but it is expected also to be a considerable help in expediting the work of the conference.

Western rate experts and shippers here include hearings before the commission on grain rates expressed disappointment that the reductions recommendations did not include hauls, which, they said, make up the greater part of the cost of movement.

Clifford Thorne, who represented the American Farm Bureau Federation, said the decision constituted "the first step in a general revision of excessive rates, ever taken by a federal body."

POWERS MAY HOLD JOINT CONFERENCE

(By The Associated Press)
WASHINGTON, Aug. 15.—The treasury has received inquiries from two foreign powers for details of a possible international conference in Washington to discuss measures for the stabilization of exchange rates. Secretary Mellon said today.

The treasury added that the treasury was proposing no such conference.

Comptroller of the currency Crissinger, declared his original suggestion of the advisability of such a meeting still stood although details had been considered.

Chairman McFadden of the house banking committee, Mr. Crissinger continued had sent him for consideration and suggestion the draft of a proposed bill to permit the holding of an exchange conference. This would request the president to invite three representatives each from England, Ireland and France to meet in Washington to discuss stabilization of foreign exchange and would appropriate \$100,000 to meet the necessary expenses.

THEATER MANAGERS FORM ORGANIZATION

NEW YORK, Aug. 15.—More than 700 managers, representing 1,000 theaters ranging from motion picture houses to grand opera met today and organized the theatrical Managers of America. Its announced purpose is to strive for just and equitable conditions in the industry for its economic advancement and for the elimination of certain abuses.

High labor costs were mentioned by managers as one of the hindrances to the success of road companies. It was said that carpenters, electricians and property men receive \$62.50 a week, orchestra leaders \$85 and musicians \$70 while on the road.

REPORTED THAT PELLAGRA HAS CAUSED FOUR DEATHS

Dallas, Texas, Aug. 15.—During the past week four deaths from pellagra have been reported, marking the heaviest toll from the disease here in that period of time for several years, according to local health officials today.

STATES RATES SHOULD BE CUT ON LIVESTOCK

I. C. C. Report Gives Opinion But Does Not Enter Order

(By The Associated Press)
WASHINGTON, Aug. 15.—Railroads should reduce voluntarily their freight rates on livestock to 80 per cent of the present rates, but should not reduce rates which at present are less than 50 cents a hundred pounds, the interstate commerce commission said in a report today. The commission did not enter an order in the case which was held open.

The case, which involves principally rates on car load shipments of cattle in the entire western and southwestern cattle producing territory was brought by the National Livestock Shippers' League and various other livestock shippers' associations.

The Pittsburgh chamber of commerce has a special plan for relieving the housing shortage. Men are being encouraged to build homes. Architects charge nothing for their services and the supply dealers are making some price concessions. Building will be active in many a community if the "price concessions" are sufficient. It is because prices are so much higher than pre-war levels and because of the belief that there will be later reductions that few people have the courage to build.

An unusual argument for disarmament and a very forceful one.

One of the strongest dramas of the season, "Good Women" is a story of a woman who despised Good Women and dared to live out her unconventional ideas of life—with a result that is surprising in its truth. It is a visualization of the complexities in the life of a brilliant young rich woman.
Gorgeous in its settings, "Good Women" travels from the picturesque Greenwich village section of New York City to the south to France, to Monte Carlo and to sunny Italy, following the roads of the young woman who believed that the world is enslaved to "other people's opinions."
The product of the brains of one of the screen's most brilliant "thurs," coupled with one of its most artistic directors, "Good Women" has been given an all-star cast, headed by Rosemary Theby and Hamilton Revelle.

"NOT GUILTY"

at that was voiced by Senator Borah. The western senator believes that since the allied nations have forced Germany to disarm and thus relieve the nation of vast expenditure for army and navy, that the people will naturally turn to industrial development. As he pictures it, the reparations debt will be met by the expenditure of the military and naval forces.

Wouldn't it be a more feasible course for the allied nations to force Germany to disarm and then give the opportunity for attaining commercial supremacy? The arguments in favor of disarmament are continually more convincing.

A recent examination of the records of the Northern Pacific Railroad Company shows that there are 37,000 bondholders, 36,000 stockholders and 30,000 employees, giving the figures in round numbers. Allowing for any duplications there are apparently about twice as many owners of the road as there are employees, which brought the marvelous resources of this country and the place of advantage that it holds among the powers, presented no new theme. He did, however, make clearer for most of his auditors the reasons why normal conditions cannot yet be expected.

But really the most notable part of the senator's address was the emphasis he laid upon the necessity for individual righteousness. It is not often that a United States senator turns aside from the discussion of public questions to declare his belief that there is nothing else really so important as Christian character. A word for Christianity spoken from such a source carries great influence with it.

MUSIC AT THE CHAUTAUQUE
Did you ever hear three or four thousand people singing the songs you love? The great chautauque audiences are singing this year, singing as they never did before and their mass sings are something worth hearing. Mr. Gage has succeeded in getting the people to sing and they are enjoying it immensely. He knew they could sing, they were doubtful, but with his magnetic leadership and jolly good nature he got them singing before they knew it, and everyone was happy. These mass sings are changing the entire atmosphere of the assembly and will do much to popularize community singing.

The music on the program has given universal satisfaction. The Parnells caught the crowd with their first number and proved themselves real artists and entertainers. The White Hussars Band is an exceptionally fine popular musical organization and has pleased the audiences immensely.

The music yet to come will be the Zedeler Symphonic Quintet, a company of fine artists who have been especially successful on this year's programs. The Chicago Operatic Company which is the best vocal organization of its type on the platform and Moray's Rainbow Division Band of thirty pieces, a military band which was in overseas service for about two years and which is the pride of the state of Iowa, and Mr. Gage and the rest of the folks will sing every chance they get.

DOKAYS ENTHUSE OVER SOUTHERN TRIP
Men of Elderin Temple Greatly Enjoyed Program Arranged for Visitors—Already Planning for Portland in 1923.

Men of Elderin Temple D. O. K. K. who went to Chattanooga for the biennial session of the Imperial Palace have returned home. Most of the Jacksonville delegates arrived Sunday afternoon and the coming of others was delayed until yesterday. Everyone in the party is enthusiastic about the preparations made in Chattanooga for the entertainment of the visiting Dokays. Nothing was overlooked and ample proof was given of famed southern hospitality.

So enthusiastic are the Jacksonville men about the pleasures of the convention that both they and the co-travelers from Chattanooga are already planning to establish an expense fund for the Portland convention to be held two years hence.

Reinhart's Arabs as already noted, took third place in the drill contest. This was no small honor when it is considered that thirty-one teams took part. Fifteen appeared in the morning and ten in the afternoon. In the lead, but in the afternoon the showing made by other cities in the opinion of the judges gave Jacksonville third place. However, it was acknowledged that the three winning teams were almost on a par of excellence.

Members of the team winning the first prize were awarded D. O. K. K. buttons equipped with diamonds and the captain of the team received an emblem watch fob. Members of the second team also received buttons but not of quite as handsome a design as those winning first honors. Each one of the local team received a D. O. K. K. belt buckle and Capt. Reinhart is the possessor of a button. These emblems will be placed on display in the window of Schram & Buhrman's store.

The Chattanooga lodges promised a loving cup to the members of each winning team and these are to be forwarded after the names have been engraved upon the cups.

The local men were especially glad to have their friends from Chattanooga with them, as the drums and euphonium of the Jacksonville team on almost every occasion. Returning Mr. and Mrs. Carl Robinson, Miss Minnie Scott, and Jewell Scott spent the day at Nashville in order to visit the old home of Stonewall Jackson. Mr. Scott also spent a day in St. Louis.

MR. AYERS' CONDITION MUCH IMPROVED
The reports last night from Walter Ayers, who was injured in an automobile accident Saturday night were of an encouraging kind. Mr. Ayers was unconscious much of the day Sunday and also part of Monday but showed improvement in the afternoon. The X-ray picture taken indicated that there was no serious injury.

Allan F. Ayers arrived from Akron, Sunday, and Miss Gertrude Ayers who has been in Omaha, reached the city Monday afternoon. Mr. and Mrs. Eaton of Breckton are expected today.

AN AGED COLORED RESIDENT
Yesterday was the 84th birthday of Mrs. Charlotte Barnett and it was fully enjoyed by the elderly lady. Her husband, Fielding Barnett, died many years ago and she herself totally blind for ten years. She was the mother of seven children, all of whom have passed away except her dutiful daughter, Mrs. Laura Lafayette, who cares for her aged parent with true devotion. Since last September the aged lady was entirely unaided piece and sold 27 quilts which have found ready sale on account of the beauty, and others have favored her with pieces for her work and after it is placed she goes right ahead.

MR. GILLET ILL
Charles P. Gillett was taken suddenly ill in the dining pavilion at the chautauque grounds Sunday afternoon, as the result of an acute attack of indigestion. Mr. Gillett was taken to Our Savior's hospital where Dr. A. H. Dolan attended him. Mr. Gillett's condition was so much improved yesterday that he will probably leave the hospital today.

WOODSON BAND TO PLAY
The Woodson band will furnish music for the annual Nortonville burgoon picnic and fish fry to be held in the park there all day Wednesday.

MERRITT BAND GAVE CONCERT AT CHAPIN
Rain Interfered Largely With Musical Program Saturday Evening—Other Chapin News Notes.

Chapin, Aug. 15.—The rain Saturday evening interfered with the concert the Merritt band was giving on Main street. Only a few selections were enjoyed by the crowd gathered when the rain came. They have arranged to repeat the concert next Saturday night and everyone is invited to come out and enjoy the good music the Merritt band can furnish. Alvin Smith of Jacksonville visited friends and relatives here Sunday.

Mrs. F. P. McKinney returned Sunday from Decatur and Springfield. Mrs. McKinney was called to Decatur Thursday to attend the funeral of her uncle, Jasper Willard, which was held Friday. Later she went to Springfield and visited friends until Sunday.

Miss Hazel Antebus came down from Jacksonville for the week end.

Miss Angie Joy returned Sunday from her camping trip in the Missouri mountains. She was accompanied by Miss Dorothy Osmond of St. Louis.

Mrs. L. E. Nance of Lafayette, Ind., arrived Sunday for a visit at the home of her sister, Mrs. E. H. Nibauer.

Many of us are enjoying the splendid chautauque at Jacksonville, but let us not forget the Chapin chautauque, Aug. 29th, to Sept. 2nd. Season tickets on sale at the Chapin State Bank.

Mr. and Mrs. John Farley of Aurora and Mr. and Mrs. Will Piper of Bradford, sister and niece of Mr. Allen, were week end guests at the home of Mr. and Mrs. G. A. Allen.

Leo Fox of Quincy spent Sunday with his parents, Mr. and Mrs. J. M. Fox at their chautauque camp in Jacksonville.

Mr. and Mrs. Elmer Sidles, and daughter, Miss Helen, were Jacksonville shoppers Monday.

THE BIG SPECIAL
Just now we are featuring peach ice cream made from luscious hand-picked peaches and the price is only 50c the quart at MERRIGANS.

SUNDAY AT GRACE CHURCH
Grace Sunday school was in full operation in all departments after a two weeks' suspension of services in the primary and beginners' departments. The regular program was changed, the whole school assembled in the basement, and after a short opening program, a very interesting set of slides showing the life of the Indians of the southwest were shown. The pictures were very instructive and greatly enjoyed. Next Sunday some more slides will be shown in the same room. The attraction of chautauque interferes with the work of the school, but nevertheless there was a much larger attendance than usual with such competition.

The pastor preached a short inspiring sermon in the morning and Norman Campbell led in singing and sang a solo, all the other services of the day and week are suspended on account of the chautauque.

DR. ESTES IN TROUBLE AT MATTOON
A Mattoon paper prints a story concerning the recent arrest of Dr. R. L. Estes, who is charged with the theft of an automobile. Dr. Estes about ten years ago was a resident of Meredosia and is well remembered by many people in that locality. For several years past he has been resident in Mattoon.

According to the story, with several other men Dr. Estes stole an automobile and after an exciting chase by deputy sheriffs took refuge in a barn. A number of shots were exchanged and when darkness came on Estes with others escaped. A day or two later Estes was arrested on a country road near Mattoon and it was found that he had a bullet wound in the left hip. It is said that evidence against him is strong enough to make certain that he was one of the auto bandits.

A Complete Job Will be Cheaper

When you have your house wired it will pay you to have a complete job done instead of starting with a light or two and adding to it from time to time.

Not only will it be cheaper in the long run, but it will save the inconvenience of having workmen in the house from time to time, to make additions to an incomplete installation.

Be sure to have plenty of "convenience outlets" put in also.

Ask us for advice and estimates.

All About Something for Nothing

—Merchandise bought from an inexperienced seller costs just as much—often times more—than merchandise bought from an experienced seller.

—When you buy from an experienced seller, who gives you special knowledge, trained judgment and valuable information to guide you in your transactions, you get something worth while for nothing.

—We have hold pianos and players here for years and years and it is our pleasant privilege to intelligently advise clients concerning their piano and player-piano needs.

—This is not an idle claim nor a selling venture—we will demonstrate the value of dealing with an experienced salesman (especially in pianos) to any man or woman in this section who will ask it.

TO ASSIST WITH RED CROSS PAGEANT

Miss Barrow of Vagant Service Here for Week—Has Discussed Details With Author.

Miss Barrow, director of the pageant service of the central division of the Red Cross, which includes nine states, has arrived from Chicago and will spend the remainder of the week here, to assist in production next Friday of the Red Cross pageant of which Mr. John Kearns is the director. This is the first time that this Red Cross pageant has been presented in this state.

Miss Barrow has been connected with the writing and producing of pageants, plays and other group productions for several years.

She recently had the privilege of a discussion of the pageant with the author and promises with the authority of the author, to make any changes which may be of benefit in locally adapting the pageant.

Yesterday Miss Barrow spent the time assisting in organizing the executive end of the pageant program. Miss Barrow is greatly interested in the number of possibilities for a highly colored production and with the director is anxious to get in touch with people of varied interests in this community. It will be possible and advantageous to expand the pageant program and all persons who would be interested in assisting in the production are invited and urged to see Mr. Kearns or Miss Barrow.

STATE NEWS NOTES

Bloomington, Ill.—Twelve thousand children of Bloomington and Normal, under 14 years old, will be guests of the Bloomington lodge of Elks at a picnic at Miller park, here Thursday, Aug. 25.

Bloomington, Ill.—Haberdashers believe Bloomington men's heads are getting larger. The belief is based on the extraordinary demand for large sized hats. Three probable causes for the phenomena, intensive study, "exaggerated egotism," and long hair have been advanced, but have failed to solve the mystery.

Joliet, Ill.—The wall of the Joliet penitentiary begun just a year ago, has been completed. It is 6,700 feet, more than a mile in length, and is 33 1-2 feet above ground and 10 to 22 feet below ground. Foundations are from 8 to 11 feet wide tapering to 2 feet at the surface of the ground. The wall is 14 inches wide at the top. Because of its smoothness, this will prevent any prisoner escaping over it unless assisted from the outside.

Springfield, Ill.—Services of the "Assembly of God" held in the city all were disturbed here recently by boys who attacked church members with rotten eggs. Arrest of several of the boys has resulted.

Roskford, Ill.—Frank Thomas, for more than thirty-five years, chief of Roskford's Fire Department has tendered his resignation, due to ill health.

Springfield, Ill.—World championship at record Boy Scout wall scalars, has been regained here by Troop 7 of Springfield, according to local records. It was won back from a troop of Atlanta, Ga., when the Springfield boys went up a wall in 12 1-2 seconds. Their former record was 14 3-5 seconds which was broken by Atlanta boys in 13 2-5.

Dixon, Ill.—The old home of John Deere, builder of the first steel plow, is to be restored to its original state at Grand Detour, near here, and used as a summer home by his heirs. In its day, this home was considered one of the finest in this part of the country.

Quincy, Ill.—Burglars with conscience are working in Quincy. When Mrs. Jennie Dunn returned home from work she found that a burglar had ransacked a drawer, had taken \$5 from a roll of bills and had left \$25. She called the police.

Seneca, Ill.—A trail of cigars led from a store which had been entered by burglars, to the home of Seneca youth, a former inmate at Pontiac reformatory. He was arrested.

Rockford, Ill.—Half day school sessions, due to over-crowding, will be necessary in Rockford grade schools this fall. Morning sessions for half the pupils will be held from 9 a. m. until 12 and school for the other half will be from 1 p. m. until 4.

Chicago, Ill.—Contributions for Pueblo relief, made thru the Red Cross by residents of Illinois total \$5,484.82, to date, according to figures of the auditing department of the Red Cross central division here. The nine states of the division donated a total of \$6,450.64.

Miss Alice N. Smith, formerly stenographer at the Ayers National bank and now residing at Urbana, is visiting friends in the city.

Mr. and Mrs. A. R. Runkle and daughter expect to return to their home in Decatur today after a pleasant visit with Jacksonville friends. Mrs. Runkle is a daughter of the late John Letton.

English at Cushing High school. This school is under the direction of the American Baptist Foreign Mission society, and is the preparatory school for Judson College at Rangoon.

Gard is to sail from New York with a party of missionaries on the S. S. Albania next Saturday. After spending ten days in England, he will sail again, September 9, on the S. S. Bhamo, arriving at Rangoon about thirty days later. A brief stop will be made at Port Said.

Upon the completion of a three-year term, he intends to return to this country for graduate study in one of the universities. Beyond this, his plans are not yet clearly defined.

He has lived in this city for over nine years, graduating in 1917 from Jacksonville High school, and in 1921 from Illinois college, where he was a member of the Phi Alpha society. He is a member of the First Baptist church.

Those who know this Jacksonville young man are quite familiar with both his ability and his earnestness of purpose. Whatever tasks he undertakes are well done and he will certainly make a valuable addition to the faculty of the faculty in Rangoon.

CHAUTAUQUA OPENED AT WHITE HALL SUNDAY

Ladies Orchestra of Murrayville Was Musical Feature of First Days' Program — Pageant Was Great Success.

White Hall, Aug. 15.—The annual White Hall chautauqua is now in full swing, the assembly season opening Saturday with the annual picnic of the Greene County Farm Bureau. There was a large gathering before the noon hour, the only proceedings of a business nature prior to 1 o'clock being the making of announcements by E. M. Phillips, county farm adviser. There was a basket dinner at the noon hour, the gathering dividing between the more immediate chautauqua grounds and the uplands, where in previous years the chautauqua campers have held forth.

At 1 o'clock a meeting of the executive committee held a session of thirty minutes in the big tent while the audience was becoming settled for the program. G. W. Wyatt's ladies' orchestra from Murrayville was the musical feature, this being the second year that this orchestra has appeared for the farm picnic, and they will likely return next year. The executive committee proposed a resolution against the increase in telephone rates in Greene county, and this was submitted to the main gathering, where it passed without a dissenting vote. The speakers were Henry R. Rathbone of Chicago and J. C. Sailor, organizer of the Illinois Agricultural association, and brought home to the farmers more forcibly

than ever the need of organized effort to meet the issues that in the past have proved antagonistic to agriculture. Interspersing proceedings were orchestral numbers and a reading by Miss Henderson of Greenfield. The attendance was representative of every section of Greene county, including representatives from Scott and other adjoining counties, who came here to advise in the best ways to secure co-operative measures between the counties. They also came to confer with W. A. Hubbard with reference to the federal farm loan act. Scott county had a special committee in conference with Mr. Hubbard. Former Congressman Rainey was present, and he was a member of the Corns basket dinner party, enjoying the outing immensely. The announcement was cheerfully received that Mr. Rainey would speak next Sunday night on "Miracles of Finance" as the closing chautauqua attraction, and also that he will preside at the Bryan lecture next Thursday night, when the commoner will speak on "Brute or Brother," a lecture having a bearing upon the doctrine of evolution.

To seemingly draw a line of demarcation between the farm picnic and the opening day of the chautauqua, a rain set in at 10 o'clock Saturday night that amounted to 0.85 of an inch, but the skies became clear by Sunday morning, and the weather was in splendid condition for the opening chautauqua session at 2:30 p. m. Sunday, when Victor Dahl, a native Indian, spoke on "India and the New Agriculture" before an audience that filled the big tent's seating capacity of 1,500. A musical feature was David Duggin, the celebrated Scotch tenor, who was accompanied by four Scotch lassies in orchestral numbers, the program being varied by ensemble singing and instrumental numbers.

It was now being accepted that the statement of the representative of the weather bureau that no bad weather conditions were immediately in sight was correct, and Sunday night witnessed the biggest opening audience on record in the five years that the chautauqua has been in operation. The pageant "America Yesterday and Today" was a great triumph of local talent, there being two hundred participants under the direction of Miss Nettie Scheerer of Cincinnati, assisted by Miss Edith Wyatt of White Hall. The presentation was so satisfactory that more emphasis will in future years be placed upon the pageant idea and community singing. It will be possible in another year to depict local history in a pageant of the largest local value if the needed direction can be obtained in such capable measure as is personified by Miss Wyatt.

The pageant was followed by another concert by David Duggin and his Scotch lassies.

TELEPHONE TRAFFIC CONTRACT APPROVED

This Action Taken at Conference of Officials Held Here Monday

Further steps were taken yesterday toward the consolidation of the Illinois and Bell Telephone company properties. The actual transfer took place August 1, but certain papers are still to be exchanged. Yesterday at a meeting held at the directors' room of the Illinois Telephone Co. the traffic contract was approved, together with the bill of sale. Certain securities are to be turned over to the Illinois-Bell Co., as soon as a release from the bonded indebtedness against the company files made a matter of record.

Attending the conference yesterday were J. A. Parsons, M. R. Lanford, C. E. Cogswell, of Springfield, all representing the Illinois Bell Co., Senator Berry of Carthage, attorney, and Edward Glandon of Pittsfield, adviser of the Illinois Telephone Co., together with W. W. Holliday and J. H. Dial of the latter company.

As indicated, the Bell property is now in the hands of the Illinois Co. and all persons in the local offices of that company with the exception of Manager Taylor and Mrs. Darnell, bookkeeper, are in the employ of the Illinois Co. So far as the physical connection of the two exchanges is concerned, that cannot be made until certain equipment is received, and the date will be several weeks in the future.

POULTRY AND RABBIT EXHIBITS AT COUNTY FAIR
The poultry and rabbit exhibits at the Morgan County Fair will be in charge of D. T. Heimlich and J. C. Weber.

The entry fees are as follows: Ten cents for single birds, old or young and twenty-five cents for a breeding pen of five. Free coops and feed should help fill the tent with exhibits. New wire coops of up to date styles have been provided that will show the exhibits to the best advantage and the prize of one dollar for every first prize specimen will doubtless draw exhibits from all poultry raisers.

This department of the fair will be a school of instruction in poultry breeding and for eggs and meat as well as for the form and feathers, for three days, and will be open to all who like to go.

Mr. Heimlich and Mr. Weber in charge of this department will spare no effort to make this exhibit the best poultry and rabbit show ever held here. A premium list can be obtained from the Farm Bureau office.

MORGAN COUNTY ILLINI ORGANIZED

Local Students and Alumni of Illinois Have Formed Society—Officers Elected.

A meeting of the students and alumni of the University of Illinois, residing in Morgan county, was held in the Chamber of Commerce rooms Monday evening. The meeting was held to form an Illini club in Morgan county. Under the able leadership of "Bobbie" Fletcher, the organization was soon perfected.

The officers of the organization

elect are: Harlan Williamson, president; Chester Hemphill, vice president; Mrs. Roy Scott, secretary, and Wilson Smith, of Waverly, treasurer. The club will be affiliated with the alumni council of the U. of I. and will exert its influence for the promotion of University interests in the legislature. The club expects to send a delegate to the alumni council each year. Just at present the interest of the Illini club is centered on the project of the gigantic stadium to be built at the university as a memorial to the fighting Illini's.

The Illini club of Morgan county is open to all former and pres-

ent students but under the rules of the Illini constitution which they have adopted, only graduates of the University may hold office. The club decided to give a "get together affair," which will be a dinner and dance Thursday evening, Sept. 8. The members were so enthusiastic over the idea that it will probably be an annual affair.

'Williamsons Best'

Beats all the Rest

WILLIAMSON'S BEST flour is made from the choicest hard winter wheat, carefully selected by our experienced buyer; is ground in the finest and most modern mill in the world by expert millers who have spent a life time at their trade. This is a combination which no mill in the world can beat. More bread to a sack, will be made from Williamson's Best flour than can be made from any flour on the market, and for general use it is without an equal.

Daily Market Report

WHEAT AVERAGED HIGHER IN PRICE

By Associated Press.
CHICAGO, Aug. 15.—Wheat
averaged a little higher in price
today owing chiefly to big North
American shipments and to a
bullish estimate of the United
States exportable surplus.
The market closed steady at the same
as yesterday's finish to 3¢ higher
with Sept. \$1.24 1/2 to \$1.24 3/4 and
Dec. \$1.26 1/2 to \$1.26 3/4. Corn
gained a shade to 1¢ and oats lost
1/2¢ to 3/4¢. In provisions
the outcome ranged from 10¢ ad-
vance to a rise of 2 1/2¢.

With shipments for the week
from North America aggregating
12,557,000 bushels as against 3,
576,000 bushels a year ago, the
wheat market showed an upward
tendency as soon as trading be-
gan. Bulls were encouraged by
an authoritative analysis indicat-
ing that the domestic surplus
would hardly reach 175,000,000
bushels. Besides smallings of
country offerings had a tendency
to uphold values and there was
but little pressure on the market
except when September reached
\$1.25 and Dec. \$1.27. The fact
that the visible supply increase
was mainly at the seaboard count-
ed also as strengthening influence
and so too did announcement that
India's crop would fall 150,000,
000 bushels short of last year's
total. Speculative buying as well
as new export business lacked
volume.

Assertions that Iowa and
Nebraska farmers were showing
less willingness to sell gave a
little strength to corn.

Oats weighed down by heavy
receipts touched the lowest prices
yet this season.

Provisions were easy in the ab-
sence of any special demand.

Fletcher, who is the superintendent of the Jacksonville Methodist district, has been called to Springfield where he will attend for four days a special conference of the committees in charge of the Illinois M. E. conference set for Sept. 7th. He intends to spend the first two days conferring with Bishop Nicholson of the Chicago area and the last two days in meetings of the Board of Home Missions, Conference Claimants and Preachers' Aid.

When Dr. Fletcher returns Thursday night he will take up the business of holding the remainder of the fifty quarterly conferences of this district. Dr.

Pletcher expects to have everything in fine shape by the 1st of September and reports that the affairs of the hundred churches of this district are well in hand.

PROGRAM EACH DAY PLEASES MANY PEOPLE

CHAUTAUQUA EVENTS ARE UP HIGH STANDARD

Senator Spencer of Missouri Discussed Big Home and International Problems—White Hussars Heard in Fine Concert Programs.

Sunday was another great day at the chautauqua and the attendance came near the record breaking mark. There were religious services in the morning, with Sunday school in charge of Clyde D. Black, and then came a sermon by Dr. F. M. Rule. In the afternoon U. S. Senator Spencer of Missouri made an address and there was a concert program by the White Hussars.

At the evening session the song service began at 7:30 o'clock in charge of Platform Manager Gage, after which Rev. M. L. Pontius gave a brief address. The White Hussars appeared for another program.

Monday morning Mr. Gage continued the series of lectures he is giving during the morning hours, and he made the address also in the afternoon. The White Hussars presented an entirely new program and then at night were heard again with great pleasure. This was followed by an address by Webster Davis, who has an excellent reputation on the chautauqua platform.

Senator Spencer presented a serious consideration of international and national questions and in the concluding moments of his very earnest address stressed the thought that paramount to all other questions is that of individual and national righteousness. The senator reviewed some of the events leading up to the world war and the participation of the U. S. in it and said that it was a cause for gratification that when the end of the conflict came the U. S. emerged from it just as free from agreements as to European questions as when the war was entered upon.

No Entangling Agreements. He said that the U. S. has the keenest wish to co-operate with the nations of the old world in the things that are for mutual betterment but is not bound in any manner. This condition, the speaker said, is one of the big things about which he wished to speak. He commented upon the fact that altho the people of the U. S. hated war and knew nothing of warfare yet were able to put up a fight that won. This, he said, was proof of the fact that initiative and spirit amount to far more in such a condition than does mere military training.

Senator Spencer commented upon the changes which are coming about thru inventions and mentioned the marvel of a ship guided at sea thru wireless by an operator located on another ship five miles distant. "This is only the beginning of what may be accomplished in the control of ships by the wireless method. One of the big problems which confront the people relates to government expenditures, for the interest on the debt created in the war time is greater than was the whole running expense of the government before the war."

"The united will of the American people was able to meet the emergency of the war and will meet the other condition that arise. But there is no denying that grave problems press for solution." The speaker laid down as basic the fact that a nation cannot become stable or have growth until it produces more than it spends. He said that it is not to be expected that the world should immediately be on a pre-war basis any more than it would be expected that an individual ill with typhoid fever should have the return of all his strength and vitality immediately after the crisis has passed.

Then taking into account the fact that the United States has but one-tenth of the population of the world and one-sixteenth of the area, Senator Spencer went on to show that in material possessions, in gold and silver, cotton and oil, that the percentage runs from 50 to 75 per cent.

The Biggest Question. The question of immigration was discussed in a very informing way and then Senator Spencer closed his address with the statement that after all, the development of individual Christian character is the biggest problem that faces the nation. He said that it is one of the simplest and one of the most profound facts of all history that God's plan of salvation contemplates merely the belief in Him as the one essential. He said that at the minute a person acknowledges the divinity of Christ

that in that moment the change in him has taken place. That which is done afterward in character building is a matter of mere growth.

At the night service Rev. M. L. Pontius who is always heard with great interest by Morgan county audiences, condensed a 50 minute address into 20 minutes. The minister talked about the wine of commercialism which is blurring the vision of many people. He said that commercialism was the cause of the war and that commercialism can be found as the cause of practically all of the problems that confront nations and individuals these days.

Reception Committee Named. One new feature in connection with the chautauqua management this year is the women's reception committee. Mrs. J. H. Danskin is the chairman and one or more members of the committee meet at the train women who are to appear on the program, take them to their hotel and later to the grounds. The women who have thus far appeared on the program have expressed their great appreciation of the courtesy thus extended to them.

Members of the committee serving with Mrs. Danskin are Mrs. Caldwell, Mrs. M. C. Hook, Mrs. H. A. Chaplin, Mrs. J. Marshall Miller, Mrs. G. E. Andre, Mrs. Thomas Harber, Mrs. Henry Goebe, Mrs. Barr Brown, Mrs. J. W. Hubble and Mrs. J. L. Johnson.

"The Best Is Yet to Come." The chautauqua is going good. The receipts from the sale of season tickets is within a few dollars of being the largest the assembly has ever had. The gate receipts have been satisfactory. The audiences Friday and Saturday were the largest in the history of the chautauqua for the first two days and the audience Sunday was almost a record breaker.

The program has given universal satisfaction and bears out the promises of the management as to its quality. Never before has our chautauqua started so auspiciously. The program yet to come will be equally good, in fact the best is yet to come.

Monday Night Program. Webster Davis who made the Monday night address is now a practicing lawyer in Chicago. At one time Mr. Davis was mayor of Kansas City and subsequently served as assistant secretary of the interior when William McKinley was president.

"A Square Deal" was the theme of his address last night and he said that such a deal is demanded for the laborer and the capitalist. Then he went on to say that in this country there are 3,000,000 in the ranks of organized labor and about 200,000 in the ranks of organized capital. So with a population of well in excess of 100,000,000 it can easily be understood that a much larger group bears the brunt of the difficulties that occur between capital and labor.

Mr. Davis talked especially about the need for a square deal for ex-servicemen and quoted the facts to show that little has been done for the ex-soldiers. There are 20,000 of them today, he said, walking the streets of Chicago seeking employment.

In closing Mr. Davis talked of the rights of women, especially of those who toil, and declared that justice demands equal pay for equal work.

MAIL SACK TAKEN AT BLUFFS MONDAY

Dennis Kennedy Arrested and Brought Here Charged With Theft.

Dennis Kennedy is under arrest at the city prison charged with the theft of a United States mail sack. Kennedy was brought to Jacksonville on the early morning Wabash train by Special Agent Snyder of the Wabash. When a mail sack was thrown from train No. 12 at Bluffs, it is said that Kennedy picked it up and carried it to a vacant lot a hundred yards or more distant. Three boys were there at the time and one of them reported the incident to Snyder.

Meanwhile Kennedy had boarded the train, and a message was sent to the authorities in both Chapin and Jacksonville. He was arrested by Town Marshal Johnson at Chapin.

Mr. Snyder took a speedster from Bluffs to Chapin and then brought Kennedy on in to Jacksonville. The three boys mentioned, it is said, will all testify that Kennedy ripped the mail sack open. When found by the special agent the sack was practically empty. However, no mail was found in Kennedy's clothing and a search will be made this morning for the missing letters.

JUST A LITTLE FIRE.

Around the corner of the Jacksonville Candy Co., store the odor of burning wood was no noticeable that a passerby sent in a fire alarm about 12:30 last night. Members of the fire department immediately hurried to the scene and found in an upstairs back room that the floor was smoldering. A little carefully applied water and the danger was over. How the blaze originated has not been found out.

A FAMILY REUNION.

Mr. and Mrs. C. A. Hall of 34 1/2 South Diamond street had a pleasant family gathering Saturday night and Sunday. Saturday night Mr. Hall's brother, Edward, came from Springfield and remained till noon Sunday. After their departure Mr. and Mrs. J. W. Miller of Joliet, Misses Arelina and Alta Epling and George Romang of Waverly arrived, all three ladies being sisters of Mrs. Hall. Mr. Miller at one time, some years ago, employed in the Hockenhill drug store of this city.

Yesterday the Joliet and Waverly visitors and C. A. Hall and family, all went to the farm home of Edgar Sweet in the vicinity of Franklin and were joined by Frank Brown of Topeka, Kansas, and had a highly enjoyable day. Mr. Sweet and Mr. Brown are cousins of the ladies mentioned and they had not all been together for a long time and it is needless to add the day was spent most pleasantly and the generous hospitality of Mr. and Mrs. Sweet was fully enjoyed.
